Kokomo Symphony  
Youth Orchestra*

August 16, 2023

Hello Friend of the Symphony,

**The Kokomo Symphonic Society is excited to announce the Kokomo Symphony Orchestra's 51st season for 2024-2025!** We have developed our season to be a unique experience with exciting themes performed by our professional musicians. We encourage you and the community to attend the concerts and appreciate the performances as we do. Our first concert of the season will be in the October timeframe. We are looking forward to the new season of four concerts. See the attached listing of our full season.

**For our 2024-2025 season, we will be developing a new program book.** Our goal is to provide an effective method for local businesses to share their information with the community. The program book will be distributed at all our adult and youth events. In addition, our book hits a larger audience through arts events and organizations with our partnerships. Our program book will touch numerous people. We hope you will join us in promoting your business to the community and be a part of our new season! To continue to provide the unique sounds of the symphony to the Kokomo community, we need the support of local businesses as well as individual contributors just like you.

**I have attached a program ad form for your review.** I have also included our projected season list of events. If you would like to contact me, please call 765-236-0251 or send email to [kokomosymphony@sbcglobal.net](mailto:kokomosymphony@sbcglobal.net).

**Exciting news for summer! Ready for the piano "men?"** The KSO is partnering with the city in the summer concert series in the park. **The KSO will back-up "The Piano Men: Generations"** a tribute of Bill Joel and Elton John music. This amazing free concert will be in Foster Park on **August 10<sup>th</sup>** at 8pm.

**We appreciate your support of the symphony and are looking forward to receiving your advertisement for our next season's program book.**

Thank you so much!

Kind Regards,

Jennifer Rollins
